Land Use Planning Workshop set for June 14th

MATTAPOISETT SELECTMEN'S MEETING
MAY 30, 1989-by Virginia Morgan

Selectmen last Tuesday were advised by Planning Board Chairman William H. Matthews and Burk Ketcham, Planning Consultant to the town, of the workshop to be held at 7:30 p.m. June 14th in the Cafetorium of Old Rochester Regional Junior High School.

Members of the Planning Board urge all interested citizens to attend the Growth Management and Land Use planning workshop that is "designed to allow all participants to contribute to the discussion of growth issues for the town. Groups of six or eight individuals will evaluate growth options and be asked to offer their own suggestions." The main purpose is to update the town's Master Plan, which must then be approved at a town meeting, noted Mr. Matthews.

Consultant Ketcham explained several main concerns including water supply protection and seasonal home conversion. (The town has an estimated 500 seasonal homes at the last census; if seasonal homes are made year-round homes it could bring more children into the school system.) Other concerns are the elementary schools (will they

need expanding?); additional business and industry; the old railroad right-of-way usage; water quality of the harbor; better development regulations; affordable houses (small family housing units are in demand); the town's facilities are recreational areas; playground needed north of Route 195; aquifer protection; dead-end roads, such as Mattapoisett Neck Road and Brandt Island Road, with no alternative existing.

Mr. Ketcham and Mr. Matthews stressed all boards have been very cooperative in helping to take positive action about where the town is going.

In other business, Selectmen:

GAVE Board of Appeals Clerk Daniel O. Mahoney permission to serve and to vote on the application of Mr. and Mrs. Stokely Towles of Westwood to extend the deck of their newly purchased home at 3 Main Street. A phone call to Selectmen, said Chairman Bernard F. Talty, from the Towles asked what was holding up the Appeals Board's decision and that perhaps Mr. Mahoney shouldn't sit because of a conflict of interest.

A follow-up letter received by the Appeals Board was presented at the Selectmen's meeting by Jane Zychowicz, Chairman of the Appeals Board, in which Mr. and Mrs. Towles indicated they now had no objection to Mr. Mahoney's voting on their petition to extend the deed on their property to build a 10 foot by 25 foot deck.

Mr. Mahoney explained there was a conflict

of interest question due to the fact he is a beneficiary of an adjacent 12 foot right-of-way across the Lima property which was deeded to the Limas from Mrs. Munro from Main Street to Goodspeed Island. The right-of-way was in existence in 1820 and the ancient right-of-way is shown on an 1856 map. In the 1964 the Lima family purchased the land; in 1975 Mrs. Munro gave a deed to the Limas for a Parcel B. When the Limas sold the property to the Towles in 1989, the Towles did not get Parcel B which contains the right-of-way to the beach.

Mr. Mahoney continued, "When the Towles came to the Appeals Board their plot plan showed 26,400 feet, subsequently, we received an application citing only 12,350 square feet. The parcel before us is minus the old Munro Parcel B. There has been much misconception in this case; the number of documents provided the board didn't explain what the site was. The parcel before us is the old Stackpole home."

Mr. Mahoney noted Mrs. Munro acknowledged in the deed the right-of-way to the Mahoney estate. The Towles' plot does not include "my old right-of-way. It is clear Mrs. Lima has retained the right-of-way to the beach. I don't own the land", Mr. Mahoney stressed. "It is just a right-of-way to walk on. I have no financial interest. It has been booted about that unless you free me up to vote, I can't vote and the process will have to start all over again."

In the May 25 hearing Mr. Mahoney was not prepared to vote because of continu-

ing conflict allegations. If the Selectmen give a favorable determination stating "Mr. Mahoney's interest is not so substantial as to be deemed likely to affect the integrity of the services" he will be able to vote. Mr. Mahoney reemphasized that he does not believe that his interest in an ancient right-of-way on an adjacent parcel constitutes financial interest in the Towles' case at all, and therefore no conflict exists.

The Appeals Board will vote on a written decision June 1 and will file on June 2, now that the Selectmen have given their approval for Mr. Mahoney to vote.

(On Friday, June 1, Appeals Board Chairman Jane Zychowicz said the Board reached a decision on Thursday, June 1, to grant the application, with a few modifications. The modifications will not affect the granting of application, she said.)

the zoning guidelines. The photos shown at the May 23 meeting must have been taken much earlier than the letters read as much of the debris was removed by that date. It seems very unfair to reflect something as brand new conditions when corrections were made. The plumbing equipment consisting of water heaters belong to the Perkins Plumbing Company and they have been requested to remove them. My father moved the business to that location in 1957 and now with business property as hard to come by it would be hard to move. Every year we file for and receive all permits to operate. I am doing what I can do."

Among the corrections and actions Mr. Denham has taken include: "On March 23, 1989 I learned of Mr. Delano's complaint to the building inspector. At that time I agreed to, and started, repairs and general clean-up. Mr. Delano wanted a new front and doors on a building that is scheduled for demolition. Inspector Andrew J. Bobola told Mr. Delano that the town could not force the new front and doors as it was not in the building inspector's power, nor was it a violation of the building code. I agreed to the new front and door and did so on March 27, 1989. Trucks and trailers were moved and screening installed. In the matter of oil, the oil was removed on April 13, 1989 and the Board of Health was so informed on April 14. I am registered as a producer of waste oil by the state and we are following their procedures for the handling and storage of waste motor oil. The pile of scrap iron shown on Mr. Delano's photos was removed on March 1. With the exception of one photo of the front of the

Mr. Denham writes, "It seems strange to me that Mr. Delano's written complaint came to the Board of Selectmen nine weeks after his initial complaint to the Building Inspector, and to have the Selectmen allow to be released, as current news, items corrected many weeks ago. MET WITH Board of Health Agent Donald C. Wood, Board of Health member Evelyn Ellis and LeRoy Jones, assistant of the Hazardous Waste Committee, to discuss the recent dumping of hazardous waste materials at Industrial Drive.

Chairman Bernard F. Talty asked if the Police Department has been contacted as this is a felony. "Did we take photos to help identify the offenders?" Agent Wood said no, "we didn't notify the police nor take photos, but we will do so if there is a next time. We felt it was important to get the barrels of waste material out as soon as possible."

Mr. Jones explained the barrels may have been there about a month before being found by a ComElectric employee. It must have been someone who was familiar with the area. The state DEQE tested the oils and will give a report on its findings. Mr. Jones noted, "you will probably find more of this in the future somewhere in town because of the problems of disposal, the cost and paper work involved".

Mrs. Ellis said the committee formed about six months ago and falls within state guidelines and is comprised of representatives of a political board, news media, public health, police; civil defense, fire department, transportation and users of chemicals.

Agent Wood said they know just about which businesses have hazardous wastes and where they are stored in the event of a fire.

Selectmen requested an official list of who is on the committee so appointments can be made.

HEARD A COMPLAINT from a Taunton resident who keeps his boat in Marion but launches it from Mattapoisett Wharf with Brownell Boat Works.

He said he didn't see the signs designating "no parking without a sticker" and "no dinghies placed without a sticker". He said he received a ticket for parking which he agreed to pay, but felt the confiscation of his dinghy was a terrible inconvenience. He felt the signs should be more visible. Selectmen agreed to check them.

In trying to locate his dinghy, the Taunton resident said he could not locate the Harbormaster but did find the Assistant Harbormaster and the police who told him to check B and F Boats to find his dinghy. He had no problem with the rule changes but felt a notice from Brownell to out-of-town boat owners might have helped.

ACCEPTED WITH REGRET the resignation of Eileen Sargent from the Conservation Commission, effective June 30, 1989. Ms. Sargent, who has served as clerk/secretary for nine years of the 10 years as a commission member, writes, "My priorities have changed and I now must move on to other things. I have enjoyed working with the other members of the Commission and feel that they are doing an excellent job for the town. I would suggest that a knowledgable young person be appointed in my place, some one who can grow with the town and experience seeing its future development."

"Cinderella" at ORR

The Old Rochester Regional High School Drama Club is proud to announce their production of Rodgers and Hammerstein's CINDERELLA, which will be performed on Friday, June 9th, at 8:00 p.m., and Saturday, June 10th, at 3:00 and 8:00 p.m. Tickets are $5.00 for adults and $4.00 for students and seniors and may be purchased at the door or from 2:00 until 4:00 p.m. in the school's main lobby weekdays.

The ORR Drama Club's production of Cinderella is far from a simple re-telling of the famous fairy tale. Set in a mythical city in the Roaring 20s, the familiar characters - the Fairy Godmother, the Step sisters and Stepmother, the Prince, King, Queen, and of course Cinderella are given an invigorated, jazzy new existence amid the flappers, G-men, and would-be Gatsbys that this wonderfully colorful and romantic era provide.

The cast includes: Victoria Hiller as Cinderella, Ron Hedges as the Prince, Gary Gray as the King, Heather West as

Sondheim's Music: Art Center

BROADWAY MUSICALS ARE DEAD!

So goes a common refrain among theater-goers these day. Indeed, it is likely we may never again see the kinds of shows that made Broadway so lively in the 1950s, the so-called "golden age" of musicals. But one practitioner of the art form will make certain that the Broadway musical never dies ----- Stephen Sondheim.

The Marion Art Center Theater is pleased to announce performances of "Side by Side by Sondheim" beginning Thursday, June 22nd, and continuing June 23rd-25th, 29th, 30th, July 1st and 2nd. Curtain is at 8:30 p.m. and tickets are priced at $10. for members and $15. for non-members.

the Park with George" and the currently running "Into the Woods", Sondheim is undoubtedly the most important contributor working today. For the third entry in its Broadway Composer Series, the Marion Art Center Theater offers a probing look into the work of this master craftsman.

With a sterling cast, including well-known singer Barbara Carns, Zeiterion Theater performers Paul Knipler and Christopher LeBlanc, popular audience-pleasers Sheryl Miller, Anne Schenck and Judith Coykendall, and narration provided by actor Richard Delongchamps, "Side by Side" is an in-depth yet highly entertaining study of the works of Sondheim. Music and vocal direction is by Paul Sardinha and direction is by David B. Boyce, the team who brought Cole Porter's work to sparkling life on the MAC stage three seasons ago.

Sondheim's music and lyrics are proof-positive that the Broadway musical is not merely alive, but growing, changing, and contributing to the times -- and well beyond them. Make your reservations today by calling 748-1266 and assure yourself of seats for this most special event.

Mattapoisett Council on Aging

VIAL OF LIFE PROGRAM

The Mattapoisett Council on Aging endorses the Vial of Life Program.

All senior citizens are strongly advised to participate in the Vial of Life program. The local police and fire departments participate in the program.

What is the vial of life? A small tube placed in one's refrigerator contains vital life saving information, in case of emertency.

For Whom? Individuals who live alone, senior citizens, or anyone who wishes to provide for their care in case of fire, sudden illness of other emergency.

Where? The small plastic vial containing pertinent information is taped to the upper right hand shelf of the fridge. The insert contains info as to names of doctors, relatives, medications, medical insurance numbers. All such information becomes readily available to the police, firemen, and other concerned people should the need arise.

Your local Council on Aging has the plastic vials and forms in the office. You can come in anytime from 9 a.m. until noon on any Monday through Friday.

David S. Hagen Award

David S. Hagen was the retired, former principal of Old Rochester Regional High School. On the occasion of his untimely passing last summer, a fund, based upon generous contributions from his many admirers, was established, the interest of which is to be presented to a worthy recipient or recipients each year.

Criteria for the selection process are not precisely defined at present because those of us who knew and loved Mr. Hagen recognized the incredible range of his concern and caring. It was felt that, in addition to the many fine candidates attending schools of higher education, other students, needing to take a year off to work, required to attend school on a part-time basis, maybe an AFS student, or even someone not intending to attend college at all, could reasonably benefit from a Dave Hagen cash award.

The Old Rochester Regional District School Committee authorized the request of the Hagen Memorial Subcommittee to name the Old Rochester football field the David S. Hagen Memorial Field on November 15, 1989. It is expected that the field dedication ceremony will take place this fall and that a plaque identifying the recipients of the Hagen award will be placed in the school lobby.

The 1989 recipients of the David S. Hagen Award are Paul W. Fiedler and Craig M. Pinto.

Anyone interested in making a contribution to the David S. Hagen Award may direct it

Mattapoisett Tennis League

APPLICATIONS BEING ACCEPTED

The Mattapoisett Tennis League is now taking applications for the 6th annual women's intermediate tennis tournament. This year we will be playing only doubles and the best 2 out of 3 games will be our format.

Because of our limited time frame (starts June 26th and ends August 18th) we must restrict the number of teams to the first 10 who send in their applications. The fee this year will be $15.00 per team and all applications have to be in by June 14th.

Please make your check payable to Pat Walter, and forward to Pat Walter, P.O. Box 769, Mattapoisett, MA. 02739.

Any questions please call Pat Walter at 758-2379 or Kit Wood at 758-2931.

SUMMER HELP NEEDED AT MUSEUM

Are you a Museum buff? Would you like to learn more about the history of our town and its earlier residents and share it with summer visitors? Each summer, our Museum at 5 Church Street is staffed by volunteers. These "docents" receive training prior to the opening and are also provided with a guidebook to help them better interpret the Museum collections.

Docents generally work only one or two

afternoons during the summer season (but, of course, you can work more if you wish.) and the hours are 1:00 - 4:30 p.m. The Museum is open from July 5 through September 2.

The main qualifications to be a docent include commitment, an interest in our town's history, and an enjoyment of meeting and talking to people. If you would like to be a docent this summer (you do not necessarily have to be a member of the Museum) please call Pat Bernard, 758-6250, Gene Waterhouse, 758-3573, or Helen Richmond, 758-2797. We would be happy to include young adults in our docent corps. This is a fun and interesting thing to do, plus the fact that the Museum is air conditioned and, therefore, a nice place to spend a few hours on a hot summer's afternoon.

Thank you folks!

Grade 4 Reactions to Town Hall

Compiled by Virginia Morgan

Selectman John N. DeCosta gave a tour of Town Hall and described the duties of the various offices to Old Hammondtown School 4th grade students of Mrs. Suellen Scully's class. The many varied comments by the students revealed serious thought was given to writing the thank you letters to the Selectman.

Included among the comments were: "I liked it when we got to look where our houses were and find out how much their taxes were. And they were a lot", wrote Candice Silcore. "I liked the Veterans' Office better than some because my dad was a veteran," writes Mackenzie Peirce. "I learned in the Building Department that you can't build an addition on a house without a permit", writes Jeff Guilherme.

Many of the children wrote complimentary comments about Amy Peters in the Council on Aging office. "Amy's job is nice because she works with people who need other people to take care of them", Sibyl Peterson. "I think that Amy is very nice helping elderly people and I learned that elderly people like seeing younger people", Matt Perry. "My favorite office was the Council on Aging. I think it is great that old people don't have to think I've had my life and that's that. They have something to look forward to instead", Carrie Walker. "I liked

how Amy told us how you helped the Seniors to learn how to use computers. I also liked how Andy (Andrew J. Bobola, Building Inspector) helped knock down walls to make sure the roof is still stable", Casey Galligan.

"I think the Board of Health is probably one of the most important jobs there. I never knew that they checked the swimming water to make sure that it is clean and check the food to make sure it is okay to eat", Andrew Moisan. "Thank you for showing us what our parents do when they vote", Ben Halpren.

"I also would like to thank all the generous people who took time off to tell us more about what they do. Thank you for making Mattapoisett a caring town", Mariel C. Goddu. "People are very fortunate to live here. In a big city people aren't as lucky as we are. I sure am glad I live in Mattapoisett, aren't you?" asks Nicole J. Charbonneau.

Tabor student, Kumi Watanabe of Japan, took second, and Cynthia Noblet of Dartmouth High School received third place honors. Honorable mention awards were given to Monique Poyant of New Bedford High School and Gunn Yamasmit of Tabor.

The judges were Elin Noble and Ron Rudnicki. They commented: "We were looking for something special - for a 'spark' or feeling that went beyond mere exercise ...there were many very good, diligent pieces, but the ones we selected for prizes were outstanding."

The Butterfield Scholarship is awarded annually. Students from 12 area high schools are eligible to participate. Scholarship Committee Chairmen are Sally Hunsdorfer and Mary Bartholomew.

Japanese Fan Exhibition

As far as Chris Mesarch knows, she is the only American maker of traditional Japanese fans. This unusual skill in an ancient art has earned her international recognition. Her fans will be on display at the Marion Art Center June 2nd through 21st. Ms. Mesarch studied in Japan for several months with Teramura, a master of the art. She still receives handmade paper from him to make the fans in this country. Each one is unique; not at all like the massed-produced image one thinks of.

To compliment the fans there will also be a display of silk warp painted handwoven wall pieces by Ann Champagne. Ms. Champagne colors the threads before weaving, and then combines the colors into vibrant, original designs.

The gallery is open to the public Tuesday through Friday, 1 to 5 p.m., and Sat-

Safe Boating Week

FROM U.S. COAST GUARD AUXILIARY

When they're out boating, people face a few natural risks - wind, waves and navigational hazards. But the biggest hazard is one the boater can control. It's drinking while boating.

Most people who die in boating accidents fall out of boats or capsize boats and end up in the water. Once in the water, even able swimmers lose coordination and can drown.

Alcohol affects a person's balance. A moment of dizziness or a misstep may not cause harm on the patio or in a restaurant, but it can spell disaster on a boat.

A small boat is unstable in the best of conditions. Entering or leaving it or moving around in it is hazardous even for a sober, agile person. People seldom notice problems with their balancing ability after a drink or two, but a small, tippy boat does.

National Safe Boating Week will be observed June 4 through 10. The U.S. Coast Guard Auxiliary, which is observing its 50th Anniversary this year, urges everyone to make this week, and every week this season, a "safe boating week".

benefit the Cystic Fibrosis Foundation. This is an opportunity for children of all ages to have fun, win prizes and at the same time help support research to find a cure for Cystic Fibrosis.

The Bike-A-Thon will start at 1:00 at Center School. The course is ½ mile long, running around the school on Barstow, Church, Hammond and Pearl Streets. Participants should get a sponsor form at Seaport Pharmacy as soon as possible in order to begin soliciting pledges from neighbors, friends and family. Pledges can either be based on the number of laps a participant rides or be a donation of a specified amount. All participants must have their parents sign the waiver on the sponsor form prior to the event.

The day of the Bike-A-Thon participants ride as many laps as they can, resting whenever necessary. They have a card that is punched each time they complete a lap, which they then take back to their sponsors in order to collect their pledges.

Participants can win prizes from the Cystic Fibrosis Foundation based on the amount of money they raise. There will also

Letters to the Editor

TO CITIZENS OF MARION

Remember, Town Meeting is not the end! Articles in the Special Warrant which passed Tuesday night must also be voted on Friday.

These articles were clearly explained to Town Meeting which, after due discussion, felt that they were in the best interests of Marion and passed them.

All Marion voters are urged to support these carefully considered questions and vote "yes" on Friday, June 9, 1989. Don't let "George" or "Georgiana" do it. Do it yourself. VOTE.

Polls open at 8:00 a.m. in the Sippican School Gymnasium and do not close until 8:00 p.m.

Jay Crowley, Chairman
Marion Planning Board

year of daily showers, frequent clothes washings and continuous consumption of our town water, we were informed about this chemical that can potentially harm us and lead to cancer.

This obviously frightens us as it would anyone in this situation. It is easy to take "clean" water for granted. For us, the reality is we are polluting our bodies every day by consuming our own water.

The only way we can eliminate this problem is to replace the pipes on Stoney Hill Road, Pinewood Way and Tinkham Lane. We urge you to attend the special town meeting June 7 concerning this issue and support us by voting to replace these pipes.

Marion Horse Show

Plans are underway for the 43rd Annual Marion Horse Show, one that draws horsemen of all ages from throughout New England.

Along with the formal competition for equestrians, there will be games and rides along a midway for children, a raffle featuring a $300 grand prize and more than 25 valuable prizes given by area merchants and businesses.

Food and other refreshments will be available along with areas for picnicking.

Competition begins this year at 8:00 a.m. sharp July 4th at Charles R. Washburn Memorial Park, Route 105, just south of

LITTLE HARBOR WGA

After a cold, rainy start for the season, the Little Harbor Women's Golf Association is gearing up for a full season of tournaments with various formats. Ann Shea had a hole-in-one on the second hole on Wednesday, May 17th. On Tuesday, May 23rd, a member-guest tournament was held, with fifty-six ladies participating. Low Gross was taken by Win Carter, with her guest, C. Lester. First Low Net was made by Laurie Mello, with guest Carrie Anselmo; second Low Net were Ann Kalio and guest, Laura Sunyssore; third Low Net were Marie Hamblin and guest, Jan Hutchins; fourth Low Net were Patricia O'Donnell and guest, Mary Nichols. Closest to the pin on number two were member Win Carter, and Jan Masterson, guest. Donna Jones was the member making the longest drive, while Lill Ohlandt was the guest making the longest drive.

On Wednesday, May 31st, the members played Individual Score for Low Gross and Low Net. In Flight A Wendy Forbes took first Low Gross, while Connie Dixon was second Low Gross. Marion Heath took First Low Net, and second Lot Net was made by Irene Delorey. In Flight B, first

Being in the carpet business for over 10 years does have its advantages. We have found a way to offer a selection as wide as that of our competitors, at lower prices. The "way" is simple. Our costs are lower.
We've noticed that the public tends to assume that bigger "must" be better. In the carpet business, this has traditionally meant that a wide selection and lower prices can only be possible through a large inventory. This simply isn't true.
At Carpet Mart we order, direct from top manufacturers, only the carpets that our customers want. With no major inventory costs, and no middlemen, we are able to pass the savings on to our customers.

Marion Conservation News

A Public Service of the Tri-Town league of Women Voters, Kay Reis reporting
MEETING OF MAY 31

Judith Chapman, Spring Street - Request for a Determination of Applicability to replace fallen stone and add fill to a stream bank and to relocate a fence. Hearing closed; MCC issued a negative determination on the fence relocation, a positive finding on the rebuilding of the stream bank. A Notice of Intent will be required.

Thomas Wagner, Olde Meadow Road - Request for a Determination to build a 4-bedroom house and septic system. MCC members had visited the site on Sunday, May 28th; they did not accept the wetlands line as flagged, suggested the applicant request a review of the site by the DEQE staff member who flagged the adjacent lot. Hearing was closed; a Notice of Intent will be required.

William G. Snyder, Dexter Road - Request for a Determination to build a storage shed 10' x 10' in a velocity zone. An Enforcement Order issued to the previous owner was still in force. The Commission voted to lift the E.O. on the condition that no beach grass be removed without a filing. Mr. Snyder agreed. Hearing was closed and a Negative finding issued, conditional on project being done according to plan of record.

of Orders of Condition now under appeal by applicant. A new site plan was submitted in hope that an Amended order of Conditions might be issued. Commissioners were concerned about adequacy of proposed catchbasin/oil trap, but agreed to hold a hearing for Amended Orders on June 14th at 9 p.m. Applicant will maintain the appeal already filed until the matter is settled.

BVI Financial, Tucker Lane - Notice of Intent to construct dwelling and septic system. New site plan was submitted, with revised wetland line accepted by MCC. Hearing was closed; orders will be issued.

Richard Poulsen, Converse Road - Discussion of MCC objection to cutting of vegetation, addition of woodchip mulch. Original Orders of Conditions have expired. MCC advised Mr. Poulsen that a new Request for a Determination would be required for landscape maintenance work. Original plan specified wildflower mix and retention of 50% of natural groundcover. MCC's view is that present site does not provide previous wildlife habitat, is more open and parklike than natural landscape. Chairman J. Rockwell advised Mr. Poulsen to provide a landscape plan conforming to provisions of his Orders of Conditions, and to apply for a Certificate of Compliance. A site visit was scheduled for Sunday, June 18.

J. Garvin Van Doren, Indian Cove Road - Discussion of replication plan recently submitted to restore filled wetlands. Town Counsel has recommended that a new Notice of Intent be filed for replication and restoration project. MCC awaits conclusion of negotiations between lawyers on both sides.

Selectman Ted Pratt met with MCC to discuss Board of Health matters of mutual interest. Accuracy of water table tests is still of concern. Mr. Pratt proposes a brief training session, expects improvement when the new sanitarian is hired, will direct DPW to use iron oxide lines

in test pits as indication of true groundwater level. Water table tests close soon until late fall.

A partial Certificate of Compliance was issued to Michael Kenny for the office condominiums at Creek Road and Wareham Street. The drainage of the parking lots onto Creek Road is still a problem; Certificate applies to buildings only.

MCC will hire Dr. Sat Khanna of SMU to review drainage calculations used at Pinewood Lane, where the Commission has refused a Certificate of Compliance. The Commission holds that the present detention basin is utterly inadequate, resulting in erosion and siltation into wetlands.

Orders of Conditions were issued to J. Burr Bartram for repairs to his pier. Amended Orders were issued to Michael Bilentschuk to permit paving of a driveway.

The next meeting will be at 7 p.m. Wednesday, June 14th.

Gordon, 6 Parker Street were granted a Special Permit for the accessory home occupation use for a family day care service for children at 6 Parker Street. The home is in the rural residence 30 district and consists of a single family dwelling and sunporch.

On March 6, 1989, the Office of Children issued a license to Michelle Gordon "to provide family day care services for no more than five children" at their home. The family day care use of the property comes within the purview of a home occupation, and sounds like baby sitting, a listed home occupation. The family day care use will be in harmony with the general purpose and intent of the zoning by-law and will not be detrimental to the established and future character of the neighborhood and the town. The permit has several provisions; normal hours of operation will be 7:30 a.m. to 5:30 p.m., five days a week; a small fenced-in area will be established for outdoor use; the sewage system repair plan will be implemented and operational.

A special permit was granted to Joan M. Holmes, 7 Merifield Lane, South Natick relating to property at 5 Shipyard Lane to do alterations to an existing nonconforming structure, a single family dwelling. The lot meets area and frontage requirements, however, the setback of 21 feet is nine feet short of the required 30 feet. The proposed alterations are for construction of a deck 13 feet by 25 feet, installation of a sliding French door and installation of a window in place of an existing door. No one appeared in opposition, and the change will not substantially be more detrimental than existing nonconforming structures in the neighborhood.

A special permit was granted to Paul H. Alves, 28 Meadowbrook Lane (Brandt Island section) in the Marine Residence for alterations to a two-story single-family dwelling on a nonconforming lot. The change will include a 12 foot by 17 foot, two-story addition consisting of a bedroom and utility room on the first floor and bedroom and bath on the second floor. No one

appeared in opposition. The lot meets the 10,000 square feet area but not the 100 foot frontage requirement and the rear setback of 19.28 feet fails the 30 foot rear setback. The change will not be substantially more detrimental than existing nonconforming structures in the neighborhood.

A Variance was granted to Emily F. Sylvia, 51 North Street to allow a division of what has become one lot by virtue of common ownership, combined lots 128, 202 and 198, by drawing a 107 foot north-south division line from the northwest corner to the southwest corner of Lot 128, thereby setting off and establishing Lot 128 as a single parcel of land separate and apart from the other two lots, and having sidelines of 200 feet, a rear line of 107 feet and frontage of 107 feet on North Street, containing 21,400 square feet.

It was determined that a literal enforcement of the frontage requirement would involve substantial hardship, financial or otherwise to the petitioner, and that desirable relief may be granted without substantial detriment to the public good. Lot 128 will retain its North Street frontage and lots 202 and 198 will have their appropriate frontages on Upland Way.

Friends of Wholism

Friends of Wholism is a networking organization in southeastern Massachusetts area that offers a way to celebrate human potential. Each month an event is planned that introduces a topic of interest that is open to the public. On Sunday, June 11th, the program will be "Touch Healing for Animals" with Barbara Thompson and Joanne Lawrence. A children's program will be provided simultaneously with the adult program. The event starts at 10 a.m. followed by a wholefoods catered brunch at 11:30. The cost is $10. for non-members, $8. for members, and $2. for children. For more information or to make reservations call Louise at 993-1151. The location of the June Brunch is Nemasket Gallery, 56 Bridge Street, Fairhaven.

Barbara Thompson's skill and knowledge of energy fields and Joanne Lawrence's rapport and art with horses has created a phenomenal sight of horse and rider

minutes and raised $214.07 to fund Easter Seal services.

Basketball Shoot-Outs are sponsored throughout Massachusetts by Zayre and the Boston Celtics. Celtic star Kevin McHale is Honorary Chairman of the event.

Students secure pledges from family and friends for baskets scored during the Shoot-Out. Winners receive such prizes as Celtics T-shirts, autographed basketballs and Converse athletic shoes and bags.

All money raised in Basketball Shoot-Out supports local Easter Seal services for men, women and children with disabilities. Programs include summer camp, home health care, physical and occupational therapy, equipment loan, therapeutic swim programs, support groups for people recovering from strokes and information and referral services.

Chapter I Report

Do you know how lucky you are to have your child in our program? The staff of Mattapoisett's Chapter I program is very pleased with the progress made by the students who are invited to participate in the Chapter I classroom experience. Our staff is dedicated to ensuring that each child receives the best possible advantage in achieving his or her goal for the academic school year. The goal of Chapter I is to prepare your child for success, to give him/her the confidence needed to meet the demands of the regular classroom, and to prepare him/her for future academic growth. We feel we are accomplishing all that we set out to do at the beginning of the school year.

I want to thank the parents for being supporters and coordinators at home, and the Chapter I tutors at Old Hammondtown School, Margaret DeMello and Carol Regan, and at Center School, Janet Gallo and Kathy
